# INTRODUCTION

---

*To provide an unrivalled service in Marble, Granite and Quartz products  
and exceed the expectations of all clients, present and future.*

The Marble Group's mission statement

---

The Marble Group has over 16 years experience in the stone industry and sales combined and are now one of the premier producers of granite worktops in the country. We specialise in designing and manufacturing worktops to the highest standard of design using only the finest quality granite.

Our worktops are renowned for their superior finish which can only be achieved by our experienced masonry skills, and the latest precision machinery.

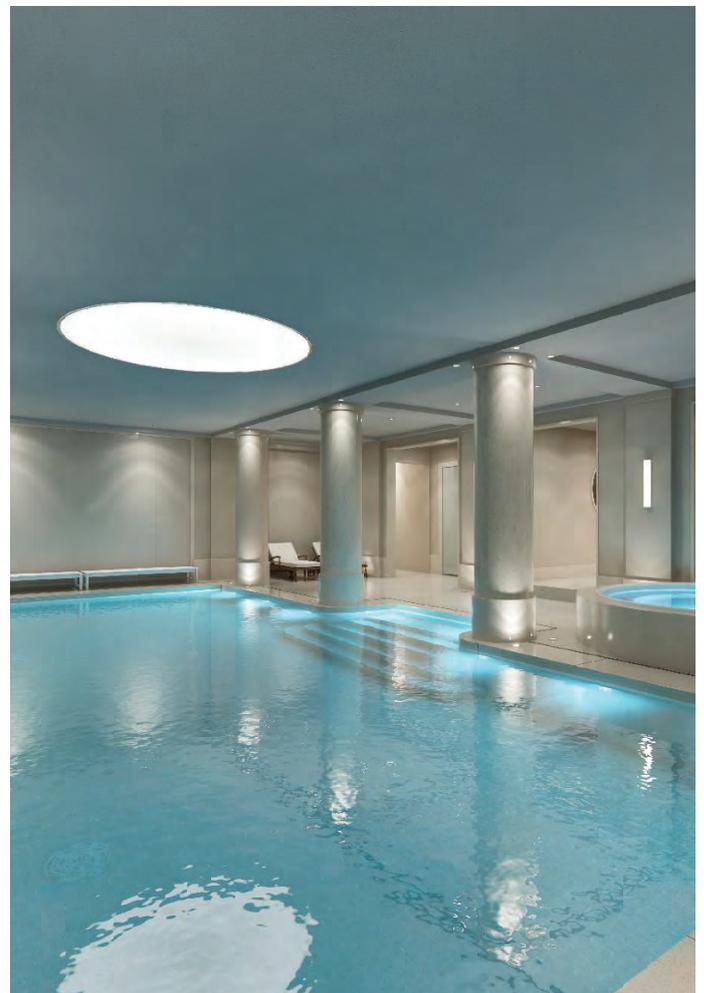

We source some of the rarest and most exquisite colour variations of natural stone from around the world and specialise in obtaining the most competitive prices at the highest quality from all over the globe importing from Italy, Spain, Greece, India, Malaysia, Portugal, Belgium, South America and Cyprus.

Our growth has always been based on our ability to respond flexibly to our customer's individual needs

for both large and small projects. Our experience and detailed knowledge of the industry alongside the vast selection and the stocks we offer are delivered with exceptional service. We are confident in beating any price from any other natural and man-made stone supplier in the country and as part of our service, a free quotation is available on request.

Provided that upcoming work is booked in advance, kitchen and bathroom projects are fitted, delivered or collected 7-10 working days from templating. Quotations for small projects are always supplied within 24 hours and bigger ones within 5 days.

All our fitters are directly employed and we do not subcontract any work. By combining experience with knowledge alongside care and attention to detail we ensure that the customer is left completely satisfied. We are always available to offer advice on potential projects - either commercial or domestic.

# COMMERCIAL PROJECTS

---

*The Marble Group offers a reliable and competitive service across a wide spectrum of marble, granite and quartz installations. From the initial concept and design stage, through to installation, commissioning and handover to the client, we will be consistent.*

---

We are proud to have completed works at the Dorchester Hotel in Park Lane, Harrods in Knightsbridge, the British Museum, Selfridges on Oxford Street (Tom Ford, Prada, Christian Dior and Bottega Venega concessions) The W Hotel in Leicester Square, Liverpool Street and Euston Station and retail outlets such as Vision Express to name a few. We specialise in crafting customised floors, walls, worktops, columns, fireplaces, shower trays and bathroom vanity cabinets from the best natural stone products available.

We use the latest data imaging and drawing techniques to assist our trained artisans in the construction of our products and use the best possible quality marbles sourced from diverse natural stone suppliers around the world.

All of our fitters are dedicated and more than capable of finishing projects with their combined knowledge and experience, as well as attention to detail to make

sure that the client is left feeling entirely satisfied. We are always accessible and available to offer advice on any prospective commercial projects.

Health and safety is as essential a part of our business as much as granite and marble is. Our certification under the CHAS scheme is recognition of our commitment. Of equal importance is our own determination to ensure the complete safety of our workforce and all the other individuals who work with us. All of our site supervisors undergo specific Health and Safety training to ensure that they fully understand and meet the necessary standards at all times.

If you are currently looking for a worktop supplier then please do not hesitate to contact us and we will arrange for one of our consultants to visit your premises and explain why we are the perfect choice for your business.

BEAUTY. SET IN STONE.

---

# KITCHEN STUDIOS

---

*Currently The Marble Group represents some of the longest running kitchen studios in London and the South East – some running over three generations of business in the kitchen industry. We believe that over the years we have maintained an impeccable standard in our workmanship that allows kitchen companies to be confident and proud of the worktops that we put into people's homes on their behalves.*

---

We are able to provide an unrivalled service to them because we understand their needs; we represent them, we are them. We know how important it is that we do our bit with 100% quality and efficiency. We understand that we work for our kitchen studios the same way their own employees do and we endeavour to keep our job with them; and like any employee, we will very rarely say "No" to our employer.

We are accurate, we are responsive, we are extremely competitive and as long as it is humanly possible we will never let them down. We want their business and we will do everything to keep it.

- What can we offer?
- We will organize our granite, marble and quartz displays in the kitchen showroom without charge.
- We guarantee to return a quotation of a kitchen plan within 4 hours.
- We will template with 48 hours notice.
- We will fit within 7-10 working days from templating.
- We use the latest in precision technology to ensure that our joints in the worktops are the tightest in the industry.
- Finally, we will guarantee that if you use us once then you will use us again.

We are an approved fabricator for Quarella, Silestone, Caesarstone, Technistone, Diresco, Cimstone,

Arenastone, Lunastone, Samsung, Stone Italiana, Apichetta and Zodiaq. Due to the volume of work that we produce, we are able to obtain material from suppliers at rock bottom prices and therefore are able to offer kitchen studios a chance to make better margins.

We will advise companies on what quartz stone to sell at different times of the year to obtain the greatest possible value. We source our granite from five to six different importers based in the South East and are able to arrange viewing of slabs for customers wherever needed.

We are also able to provide glass splash backs at extremely good rates. We will template the splash backs on the day that we fit taking away the stress of organising another company to visit the customer's house as soon as we finish. The glass is manufactured, toughened, coloured, back foiled and then fit back into the client's house. We provide all the colours from the RAL chart or the full Dulux range.

If you are currently looking for a worktop supplier then please do not hesitate to contact us and we will arrange for one of our consultants to visit your premises and explain why we are the perfect choice for your business.

# MAIN CONTRACTORS

*The Marble Group offers a reliable and competitive service across a wide spectrum of marble, granite and quartz installations. From the initial concept and design stage, through to installation, commissioning and handover to the client, we will be consistent.*

The Marble Group operates through out the United Kingdom and has successfully undertaken and completed major projects nationwide. Many of these projects were repeat business for large contractors working in hotels, retail outlets, clubs, restaurants and office blocks.

TMG undertakes works within the domestic, commercial, retail, leisure and industrial sectors providing work for prestigious clients. TMG works for leading architects, interior designers, developers and main contractors on many projects and we have offices in both London and Hertfordshire and are able to carry out works nationwide. The Marble Group is a forward thinking company, fully committed to a policy of self-finance, sustained and improved growth and reinvestment within the company in terms of personnel and IT to maintain and expand its existing client base.

Health and safety is as essential a part of our business as much as granite and marble is. Our certification under the CHAS scheme is recognition of our commitment.

Of equal importance is our own determination to ensure the complete safety of our workforce and all the other individuals who work with us.

All of our site supervisors undergo specific Health and Safety training to ensure that they fully understand and meet the necessary standards at all times. We believe that ensuring high standards, enhancing the skill levels of our entire workforce, and emphasizing courtesy and consideration, all lead to smooth running efficiency, productivity, delivery and repeat purchase.

As a company we are committed to all our workforce and management becoming holders of a Construction Skills Certification Scheme (CSCS) card. We believe strongly in applying the Considerate Construction Scheme to everyone who may be affected by our work. We are also able to provide risk assessments and method statements for all types of commercial projects.

MAKING PEOPLE SMILE

# RESIDENTIAL PORTFOLIO

---

*We have undertaken works in almost every London Borough and every county in Southern England. We are an expert team and we draw upon our rich experience. Our quality has been ensured by many projects. We offer precise services, phenomenal workmanship, and mainly the individual, human approach to everyone, which is supported by modern technical equipment. With us, you shall add value to your home and increase the image of your kitchen tenfold.*

---

## *Quality Control*

We believe in excellence and are proud of our achievements to date. We never take shortcuts and this philosophy is applied to everything we do- from choosing the best in material and supplies, to the amount we pay our workers. We believe that a quality fitted worktop starts with a well-paid worker and quality supplies. This is why we do not employ any staff with less than seven years experience in the stone industry. All of our materials are grade one thus our exceedingly guaranteed high standards. We feel that we are the best and we'd like to keep it that way.

We do not provide substandard workmanship under any circumstances and this is reflected in our illustrations. We are extremely thorough with our templates and when it comes to fitting we will guarantee that our joints are second to none. Each fit is inspected for consistency and quality. Be assured, you'll always get fantastic results from us. We do hope that you will like our wide range of services and will decide to become one of our satisfied clients.

## *Why Choose The Marble Group*

Primarily, we know how important a kitchen is to a home. We understand terms like "schedule" and "budget". We will help you achieve goals within

clearly specified terms and budget, and we will not do something for you without you. We can recommend affordable granites if that is what you are looking for. We emphasize a personal mutual contact with a client. You will always be able to talk with a person who deals with your project directly whenever you need to. You will always know what stage your project is at, and will be allowed to coordinate it simply. You deserve clear, direct and comprehensible communication until your worktop is fitted. Once fitted, we have an after sales service to ensure you are 100% satisfied with your worktop.

## *Proof Of Quality*

If you choose us, you will obtain a team of experts, each of them covering one of the areas of our offered services by his or her theoretical as well as practical expertise. We do not hide behind importunate businessmen without intelligence and knowledge. Your project will always be dealt with by the best expert in the field. We constantly update our professional knowledge with new information in order to help you be well informed about the latest trends and technologies without any problems. Bigger and more expensive does not mean better. With us, you control your project completely, particularly its development and all the costs. Therefore, you do not need to be afraid of any misspent money.

QUALITY GRANITE,  
BEAUTIFULLY FINISHED

# MACHINERY & YARD

---

*Our head office and showroom is based in Barnet and our stone yard is in Colney Heath, Saint Albans. We are approximately a five minute drive from junction 22 of the M25. Our range of machines caters to the diverse needs of the stone industry and it includes bridge saws, edge polishing machines and slab lifting equipment to name a few.*

---

Our bridgesaw range can be used for normal manual cutting, semi automatic, repeat cut production or fully automatic using dxf files. Our capabilities include; curve cutting and full circle cuts to as small as 580mm in diameter. All our work surfaces are hand crafted to individual requirements using traditional masonry skills alongside modern state of the art computer controlled machinery.

We stock an extensive range of full size marble, granite and quartz slabs, which are available for customers to view in our stone yard. Seeing the material in full size slabs rather than small samples gives one the opportunity to see in full, its natural beauty, and enables a customer to make the right choice by choosing their own individual slabs for their kitchen or bathroom. Customers are also able to view our material at a selection of our import depots in and around London depending on their location.

Our marble and granite is imported directly from quarries worldwide, enabling us to satisfy projects both large and small at competitive prices.

Quartz work surfaces comprise mainly of quartz and a series of inorganic elements whose composition may vary, depending on the colour. Most composite worktops we sell have 93% pure quartz crystal, giving natural depth and radiance, which eliminates any natural imperfections.

Quartz is one of nature's strongest materials and is extremely hardwearing and resistant to heat and staining. Custom built to your exact specifications resulting in an end product that will give you many years of pleasure.

Quartz is virtually maintenance free, so once it's fitted you just need to enjoy the hassle free results. The composition gives exceptional hard finish being rated at 7 on a scale of 10 with diamonds being a 10.

Whatever your requirements are, should you choose to visit our stone yard, our friendly staff are always available to discuss your needs and advise you of the best and most suitable materials for you, ensuring you get the highest quality of service and the best results.

# TESTIMONIALS

---

*Since 2008, The Marble Group have fabricated over 40,000 stone worktops and supplied and fitted over 4 million square metres of stone. We understand that there are a lot of stone masonry companies located nationwide but we pride ourselves in knowing that customer happiness comes first. Here is what our customers have to say.*

---

“I just wanted to send a quick email to say how pleased I am with your services. We were recommended to use your company by a friend and will definitely look to recommend others. We found the office very helpful and knowledgeable and went the extra mile to provide us with an excellent service and the installation guys were very professional. I own a plumbing company and will not hesitate to use your services on future bathroom and kitchen projects.”

*Simon Love- Love Heating*

“The worktop that we were after was very hard to find, however ‘The Marble Group’ were so helpful and willing to go that extra mile that we managed to get exactly what we were after. The customer service from sales, templating and fitting, was brilliant I couldn’t fault them at all.”

*Chloe Barter- Stevenage*

“We wanted to write to express our delight at the glorious job you done fitting our kitchen worktops; they really are the cherry on the top of the cake. Not only were your products of top quality, your entire team were polite and courteous and we will certainly be recommending you to all of our family and friends.”

*Sandra Chatsworth- Epping, Essex*

“The best and finish quartz / granite worktops in London!”

*Liesy Schwarz*

“I’ve been in the kitchen industry for 30 years and The Marble Group are head and shoulders above any stone fabricator I’ve ever used!”

*Nikos Vellos- Vellos Designs*

“The Marble Group have been my worktop fabricators for the past 8 years and have never let me down.”

*Barry Green, Kitchens Are Us*

“I am the UK Director of one of Europe’s leading kitchen suppliers and The Marble Group is our preferred stone contractor. They look after all of our kitchen showrooms in London and the South East of England. They are consistent with experienced fitting teams, incredible factory staff, and excellent customer service.”

*Kyle Whittle- Mobalpa Kitchens*

“The Marble Group are a very professional organization and have a very high standard of workmanship. They were the approved stone contractor on a £15 million project in North London that I ran and I am looking forward to working with them again.”

*Michael Barnes- The Byrne Group*
